- Demonstrated leadership and project management by successfully executing IEEE Week activities.

TECHNICAL SKILLS

Languages: C, Java, HTML, CSS, JavaScript

Frameworks: React.js, Node.js, Express.js, Next.js

Developer Tools: Git, Github, VS Code, Visual Studio, IntelliJ, Prisma

Databases: SQL, MongoDB

PROJECTS

QuestHub

Next.js, Appwrite, Node.js, Zustand, Tailwind CSS

- Developed a full-featured **Q&A web platform** with user authentication, voting, and dynamic content
- Used Appwrite for backend services including auth, database, and user preferences
- Integrated Zustand for global state management with persistent storage
- Implemented upvote/downvote logic and relational data modeling using Appwrite SDK

Cashly

HTML, CSS, JavaScript

- Built a responsive web application to **track daily expenses** and visualize spending summaries
- Used dynamic DOM manipulation for adding, listing, and deleting transactions
- Implemented localStorage to persist user data across browser sessions
- Designed a clean and user-friendly UI with custom CSS

CERTIFICATIONS

Introduction to Cybersecurity – **Infosys Springboard**

Data Science with Python – **Infosys Springboard**

Web Development Learning Path – **IBM SkillsBuild**

ACHIEVEMENTS

Solved 200+ DSA problems – LeetCode, Codeforces, CodeChef, GFG

Volunteered in IEEE international conference – Certificate awarded

Certified Industrial Automation Specialist – Practical automation training
